

We are a multi-faceted food business! originally established as an import and distribution company back in early 2011, with a catering arm.

Over the years we have made the strategic transition into more of a fast casual food business, specialising in creating unique popup food concepts for events and festivals alike. Some of our brands include *The Real Jerk Food Trucks*, *Cassava Chip Man*, *Squid & Things*, *The Jerk Centre* & *BoBo Cup*.
